After many years of faithful service, you can return your smart to us for environmentally friendly disposal in accordance with the EU Directive on End-Of-Life-Vehicles*. But that day lies a long way off. *Applies in accordance with the relevant national regulations (except in Switzerland). For several years now smart has fulfilled legal requirements for design compatible with the requirements of recycling and reuse. A network of companies exists which will take back your old car and dismantle and recycle it in an environmentally friendly way. Ways of dismantling and recycling cars and parts are being continuously developed and improved. This means that smart will also comply with future increases to the statutory recycling rates in time. Call the smart infocenter hotline for further information.

smart fortwo coupé edition highstyle.

high style

>> A stylish appearance.

If you appreciate the comfort of the smart fortwo passion, but are looking for that extra something you are sure to love the new special edition: sporting elegant chocolate brown metallic paintwork, the edition highstyle brings a new must-have colour to town. The combination of the exclusive metallic special finish, a silver tridion safety cell and 12-spoke alloy wheels shows off the edition highstyle to best advantage.

If you want to find out more about what the edition has to offer, get behind the wheel to enjoy the impressive and unusual interior. It boasts a harmonious combination of silver-grey leather and fabric elements that contrast with the dark brown leather trim for the ultimate in style! Numerous matt-silver details additionally enhance the ambience. And with the 3-spoke leather sports steering wheel featuring steering wheel gearshift and the gear knob in silver-grey leather you have stylish driving pleasure at your fingertips.

The instrument panel in silver-grey leather look and the door trim featuring a mix of leather look and fabric round off the overall impression and the special design of the edition highstyle to perfection.
